Abscess, abdominal, 159, 220; of liver, 400
Accouchement of the Empress of the French, 288
Addresses by Drs. G. Burr, Henry Hartshorne, and John Ware, critical notice of, 279
Ainsworth, Dr. Frederick S. Extraordinary pistol-shot wounds inflicted by a suicide, 318
American Association for the Advancement of Science, 526
American Medical Association, 127, 299, 324
American Pharmaceutical Association, 25
American Society of Dental Surgeons, 508
Amussat, notice of, 466
Anæmia, with pneumonia, &c., 100
Aneurism, of the heart, 62; of the aorta, 262
Antimony and lobelia, in rigidity of the os uteri and perineum, 138, 289
Antimony in difficult labor, 435
Aorta, dilatation of, 61; aneurism of, 262
Apoplexy, during labor, 399
Apothecaries' charges after midnight, 268
Armington, Dr. H. Case of hydrophobia, 455
Arrowroot, 528
Arsenic contained in paper, 188
Ascaris lumbricoides, 200
Asphyxia, from carbonic gases, 142; in a new-born infant, 477
Asthma, uterine, 168
Astringent lotion for ulcers, 468
Astringent application, new form for, 508

Batchelder, Dr. D. Homer. Tartrate of antimony and lobelia in rigidity of the os uteri and perineum, 289
Barlow's (Dr. Geo. Hilaro) Manual of the Practice of Medicine, critical notice of, 43
Ball's (Dr. B. L.) Three days on the White Mountains, critical notice of, 362
Bates County, Mo., topography and diseases of, 49, 269, 329, 489
Bates, Dr. Wm. R., on gelsemin, 395
Bellevue Hospital, investigations concerning, 348
Bigelow, Dr. Jacob, bust of, 87
Births, two within nine months, 294
Bisulphuret of carbon, observations on the vapor of, 76
Bettinger's (Rev. J. B.) Address before the Western Reserve Medical College, critical notice of, 360
Bleeding at the lungs, 428
Blood from a patient who died from inhalation of chloroform, 183
Blood-letting in acute internal inflammations, 285
Boston, health of, 65, 507, 527
Boston Dispensary, 285, 485
Boston Lying-in Hospital, 46
Boston Society for Medical Improvement, 265; extracts from the records of, 18, 57, 98, 138, 178, 219, 259, 295, 338, 399, 438, 479, 519
Boston Society of Natural History, 445
Bowman's (J. E.) Practical Hand-Book of Medical Chemistry, critical notice of, 164
Breast, cystic disease of, 138
Bridgewater State Alms-House, mortality at, 86, 106
Brine, poisonous properties of, 108
Bristol North District Medical Society, 146
Bronchitis and laryngitis, 182
Bronson, Dr. Roswell, notice of, 167
Brown's (Dr. Isaac Baker) Surgical Diseases of Women, critical notice of, 282
Buckingham, Dr. C. E. Medical and surgical experiences at the House of Industry, 32, 273, 379

Budd's (Dr. George) Organic Diseases and Functional Disorders of the Stomach, critical notice of, 82
Burial grounds, closure of in London, 128

Cady, Dr. Henry. Fibrinous clots in the heart, 199
Cæsarean section, 328
Calculi, analysis of urinary, 459
Calomel, in fistula in ano, 248
Calkins, Dr. D. Recovery from poisoning by seeds of datura stramonium, 398
Cancer, treatment of by the method of Landolfi, 526
Cancrum oris, treatment of, 425
Cardiac lesion, 519
Carpenter's (Dr. William B.) Microscope and its Revelations, critical notice of, 501
Castration, attempt at self-, 55
Census report of Boston, for 1855, 264
Cephalæmatoma in a patient of fifteen, 68
Cerebral disease, infantile, 220
Chambers (Dr. Thomas R.) on Digestion and its Derangements, critical notice of, 121
Channing, Dr. Walter. Diseases of the female urethra, 89; irregular contraction of the womb, 309; cases, 389, 431; gift of books to the Public Library, 166
Children, mortality of in Great Britain, 48; usage of by their nurses, 405
Chloroform, in Edinburgh, 48; in France, 108; inhalation of in pneumonia, &c., 108, 388; and formic acid, 113, 146, 214, 242; as a topical anæsthetic to mucous and cutaneous surfaces, 253
Cholera maligna, 22
Choleraic disease, 178
Cholesterine, crystals of, in the eye, 440
Cider, in gout, 28
Clavicle, removal of, 488
Clavicle-bandage of Fox, 446
Clutterbuck, Dr., notice of, 468
Coburn and Dalton trial, medical testimony in, 26, 44
Coccyx, exfoliation of the, 516
Cock's (Dr. Thos. F.) Cases in Midwifery, with Remarks, critical notice of, 424
Cod-liver oil oleine, 148
Coitus, death during, 383
Colegrove, Dr. James B. Three cases of paralysis, 13; frequency of consumption in the United States, 69; ophthalmia in the Buffalo Alms-House, 355
Color, effects of on health, 448
Consumption, frequency of in different parts of the U. S., 69; in Massachusetts, 186
Cornea, vesication of the epithelial layer of, 522
Crounse, Dr. J. A. Attempt at self-castration, 55
Croup, complicating labor, 12; post-mortem appearances of, 141
Curling's (Dr. T. B.) Treatise on Diseases of the Testis, critical notice of, 524
Cystic disease of the breast, 138

Dale, Dr. William J., letter from, 386
Datura stramonium, poisoning by, 398
Deafness, connected with fever, 118
Deane's (Dr. James) Sandstone Fossils of the Connecticut river, critical notice of, 422
Death immediately after delivery, 59, 438
Deaths of eminent medical men, 465
Delirium tremens, a ground of defence in murder, 260; fatal case of, ushered in by epileptiform convulsions, 441
Delivery, followed immediately by death, 59, 438
Demilt Dispensary, statistics of, 188
Deming, Dr. E. S. Scarlatina maligna, 293
Diaphragm, rupture of, with hernia, 63
Digitalis, in disease of the heart, 21; in uterine hemorrhage, 48
Dix, Dr. John H., on the ophthalmoscope, 409, 429, 469
Dropsy, case of, 201
Duparc's (Dr. Duchesne) Synoptical View of Diseases of the Skin. Translated by Dr. A. B. Hall. Critical notice of, 245
Durgin, Dr. E. S. Vomiting during pregnancy—induction of premature labor, 350
Durkee, Dr. Silas. Erythema tuberculatum et œdematosum, 189
Dysentery, treatment of, 509

Eburnation of articulating surfaces, 181
Echinococci in the human liver, 344
Eclectics, revolution among, 347
Ely, Dr. W. W. Treatment of tænia by pumpkin seeds, 16
Empyema, 219, 342
Entropium, chronic, treatment of by collodion, 28
Epidemics, 48
Ergot of wheat, 148
Eruption, peculiar, during febrile attack, 99
Erysipelas, 32, 140, 341; treated by iron, 24; exposure to during labor, 81
Erythema tuberculatum et œdematosum, 189, 209
Excelsior Medical College, 125
Excision of the bones of the tarsus, 479
Eye, traumatic eversion of, 223, 224; eversion of, caused by a gum boil, 439; fibroplastic tumor of, 521

Female physicians, 169; two hundred years ago, 68
Female Medical College, 206, 307
Ferguson's (J. B.) Spiritual Communion, critical notice of, 39

Fibrinous clots in the heart, 199
Fibrous tumor expelled from uterus after delivery, 182
Fish with four legs, 268
Flint's (Dr. Austin) Physical Exploration and Diagnosis of Diseases of the Respiratory Organs, critical notice of, 321
Foote's (John) Practitioner's Pharmacopœia and Universal Formulary, critical notice of, 43
Foreign bodies in the vagina, &c., 138
Fracture, of the radius, 103; of patella, new method of treating, 174; compound comminuted of the humerus, 343; of base of skull, 352; of patella, 402; Prof. F. H. Hamilton's work on, 528; phosphate of lime in the treatment of, 526
Frontal sinuses, inflammation of, with intermittent amaurosis, 79

Gallic acid in hæmoptysis, 17
Gall-bladder, disease of, 23
Garland, Dr. G. W. Asphyxia in a new-born infant, 473
Gaston's (Dr. J. McF.) Treatment of Displacement of the uterus, critical notice of, 163
Gelsemin, 395
Giants, remains of, 408
Glycerine, internal use of, 188
Gout in a boy of eleven, 222
Guthrie, notice of the death of, 407
Gutta percha, new use of, 368

Hæmoptysis, treated by gallic acid, 17
Hæmorrhage in fevers, 48
Hæmostatic agent, 328
Hart, Dr. Samuel. Gallic acid in hæmoptysis, 17
Headley, Dr. Gideon. Letter written in 1805, 247
Headaches, causes and cure of, 523
Headland (Frederic William) on the Action of Medicines in the System, critical notice of, 122
Heart, disease of, 18, 21, 100, 201, 249; instrument for indicating the movements of the, 287
Hemiplegia, with softening of the brain, 298
Hernia, bloodless operation for, 388; of mucous membrane of small intestine, 484
Hershey, Dr. D. W. Exfoliation of the coccyx, 516
Hip disease, specimen of, 181
Hitchcock, Dr. Alfred. Encysted ovarian tumor, 449
Hitchcock, Dr. Homer O. Case of croup complicating labor, 12
Holt, Dr. Daniel. The pathology of zymotic diseases, 369
Homœopathy, 268, 495; an over-dose of, 78
Honors to medical men, 508
Hospital Reports, 38, 79, 119, 437
House-leek, juice of, for the cure of warts, 267
House of Industry, medical and surgical experiences at, 32, 273, 379
Horn removed from the head of a negress, 328
Humboldt, letter from, 308
Humerus, compound comminuted fracture of, 343
Huntington's (Dr. Elisha) Address on the Life, Character and Writings of Elisha Bartlett, M.D., critical notice of, 283
Huse, Dr. S. Two births within nine months, 294
Hydrophobia, 452, 455; alleged cure of, 128; statistics of, 348; case of, 517
Hydrostatic test, value of, 146
Hysteria in a boy of fourteen, 224

Ice to the eye, after the operation for cataract, 368
Incontinence of urine, remarkable case of, 88
Infanticide, trial for, 84, 123
Insane Hospital at Northampton, 246, 267
Insanity from rheumatic irritation of the brain, 156
Ileus, with peculiar condition of the intestine, 287
Interventricular opening, 18
Intestine, extensive ulceration of, 57; invagination of, 320
Itch cured in two hours, 308

Jackson, Dr. Charles T., on formic acid in the blood, 146, 242
Jenner monument, 64
Jones's (T. Wharton) Principles and Practice of Ophthalmic Medicine and Surgery, critical notice of, 423

Kidneys, abnormities of, 358; extensive disease of, without symptoms, 402
Kidney and bladder, disease of, 180
Knapp's (Dr. M. L.) Essay on Cholera Infantum, critical notice of, 40
Knee joint, injuries of, 174

Labor, complicated with croup, 12; complicated with scarlatina, 393; complicated with apoplexy, 399; premature, 120
Laceration of the perinæum, 431
Lachrymal sac, tumor of, 338
Lead, poisoning from, 21; colic, treated by chloroform, 28; affection, treated by the "Electro-chemical Baths," 102
Lee, Dr. Charles A. Chloroform and formic acid, 113, 214

Lee, Dr. Robert, his opinion of ovariotomy, 488
Legal responsibility of physicians, 228
Legislation in behalf of quackery, 334
Lehmann's (Dr. C. G.) Manual of Chemical Physiology. Translated by Dr. J. C. Morris. Critical notice of, 244
Life, average duration of, in patients with scirrhus of the breast, 248
Lithotomy, 481; by a crucial incision, 288
Livezy, Dr. Abraham. Observations on rigidity of the os uteri and perineum, 9; retroversion of the gravid uterus at term, 115; on uterine hemorrhage, 217; probable fracture of base of skull, 352
Liver, disease of, 23, 141, 339; fatty, 102; abscess of, 400
Louisville Review, 385
Lucas, Dr. J. H. Case of monstrosity, 421
Lupus exedens, with rupia, 103

Maine Medical Association, 428
Mal-practice, trial for, 109, 129, 149, 229
Massachusetts, Idiotic School, 227; General Hospital, 104, 226; College of Pharmacy, 127; Medical College, 145; Medical Society, annual meeting of, 363, 384
Mattson, Dr. M. Teeth extracted without pain, 266
Maxilla, reduction of dislocation of, 499
Medical reform in England, 184
Mercurial salivation, followed by periodical recurrence, 439
Middlesex South District Medical Society, 208
Military Hospital in England, 408
Milk, in the breast, removal of, 528; new instrument for analysis of, 528
Milk globules, 64
Miller's (James) Principles of Surgery, critical notice of, 284
Mitral valve, disease of, 202, 249, 520
Monstrosities, 295, 421, 488
Mortuary statistics, accuracy of, 225
Mussey, Dr. Wm. H. Poisoning by opium, treated by belladonna, 56; surgical cases, critical notice of, 361
Mussey, Prof. R. D., letter from, 346

Nævi, erectile, treatment of, 177
Neill's (Dr. John) Analytical Compendium of the various Branches of Medical Science, critical notice of, 245
Neligan's Atlas of Cutaneous Diseases, critical notice of, 423
Nephritis, 443
Neuralgia, muriate of morphia and coffee in, 348
New York State Medical Society's Annual meeting, 65; critical notice of the Transactions of, 461
New York Emigrant Hospitals, 345
Nims, Dr. Dwight B. Closure of the ostium vaginæ, 277
Nitrate of silver, removal of the stains of, 88; as a remedy for burns, 118; injections of in hemorrhage from the rectum, 294
North, Dr. Milo L., death of, 107
Nose, congenital absence of, 366
Nux vomica, new test for, 188

Obstetric incompetency, 98
Occupations, influence of on health, 505
Œdema of intermittent fever, 29
Œsophagus, new method of removing soluble substances from, 212
Ophthalmoscope, its uses and mode of application, 409, 429, 469
Ophthalmia in the Buffalo Alms-house, 355
Opium, as an antidote to valerian, 117
Ostitis, chronic, 519
Ostium vaginæ, closure of, 277
Os uteri, observations on rigidity of, 9, 289, 355, 383; case of rigidity of, 38; alterations of, in pregnancy, 179; chronic inflammation of, with ulceration of the vagina, 336
Ovarian tumor, 449
Ovum, blighted and retained, 522
Owsley, Dr. W. Thomas. Quinoidine, 53
Oxalate of iron, 108

Page, Dr. C. G. Vapor of bisulphuret of carbon, 76
Palmer poisoning case, 28, 444
Panama fever and its treatment, 72
Paralysis, successful treatment of three cases of, 13
Parish's (Edward) Introduction to Practical Pharmacy, critical notice of, 40
Patella, new mode of treating fracture of, 174; fracture of, 402
Pericardium, puncture and injection of, 67
Perinæum, observations on rigidity of, 9
Peckham, Dr. F. H. Case of hydrophobia, 452
Peck, Dr. W. A. Case of insanity, 156
Percival, Dr. James G., death of, 30
Percussion cap lodged in the eye, 201
Perforation of appendix cœci, 186
Pericarditis, complicated with pleuro-pneumonia, 202
Perkins Institution for the Blind, 368
Perry, Dr. Ira. Treatment of rigidity of the os uteri, 355
Perry, Dr. Marshall S., resignation of, 307
Pharyngitis, fatal case of, 259
Phlebolites, 520
Phosphate of lime, formula for the administration of, 508; in the treatment of fractures, 526
Phosphorus, detection of, in cases of poisoning, 448

Phthisis, rapid death from, 201
Pistol-shot wounds, inflicted by a suicide, 318
Placenta, retained, treated by injection of cold water through the umbilical vein, 119; disease of, 120, 437
Pleurisy, chronic, 160
Pneumonia, 389; supervening upon couching for cataract, 21; with disease of the heart, 100; convalescence the ninth day, 440
Poisoning, by lead, 21; by strychnia, 28; by opium, treated with belladonna, 56; by stramonium, 398
Poisons, mode of indicating, 388
Popliteal aneurism, case of, 36
Powell's (Dr. Thomas S.) Pocket Formulary and Physician's Manual, critical notice of, 464
Pregnancy, protracted, 431
Premature labor, inducement of, 350
Presentation, of the brow, 19; of dead children, 28
Providence Medical Association, extracts from the Records of, 201, 358
Pseudo-gonorrhœa, 99
Ptosis, 439; traumatic, 224
Puerperal convulsions, 97
Puerperal disease, 33
Pus, as a product of inflammation, 221

Quinine, consumption of, 298; effect of on the uterus, 528
Quinoidine, 53

Rabies, transmission of from man to lower animals, 408
Radius, oblique fracture of, 103
Recamier, notice of, 68
Rectum, stricture of, 349
Renouard's (Dr. P. V.) History of Medicine from its origin to the nineteenth Century. Translated by Dr. C. G. Comegys. Critical notice of, 42
Rennet, essence of, 446
Reports of Lunatic Hospitals, notice of, 161
Retroversion of the gravid uterus at term, 115
Rhode Island Medical Society, 468
Rue, medical properties of, 381
Rigidity of os uteri and perinæum, observations on, 7
Rupia, with lupus exedens, 103

Sanborn, Dr. E. K. Cases of injury of the knee joint, &c., 174
Sandwich Islands, depopulation of, 448
Sanitary regulations, 108
Scarlatina maligna, 293
Skin, method of cleansing after the removal of plaster, 108
Skull, fracture of, with laceration of the cerebellum, 79
Smallpox, death from, in utero, 228
Smith, Dr. Israel N. Ascaris lumbricoides, 200
Spina bifida, 221
Splenic artery, aneurism and ossification of, 297
Stetson, Dr. A. Everett. Two cases of puerperal convulsions, 97
St. Martin, Alexis, 266, 347
Stricture of the urethra, 479
Strong, Dr. H. Partridge. Œdema in intermittent fever, 29
Strychnia, physiological test for, 504
Suffolk District Medical Society, 207; extracts from the Records of, 159, 382, 500
Suicide, extraordinary case of, 483; by swallowing a red-hot poker, 128
Sulphate of iron in diseases of the skin, 278
Sun-stroke, the pathology and cause of, 525

Tænia, expulsion of by pumpkin seeds, 16
Teeth, mechanical influence of on each other, 160; extracted without pain, 266
Testicle, diseased, 382
Thayer, Dr. W. H. Letter from, 387; trial for mal-practice, 129; treatment of dysentery, 509
Thompson, Dr. J. E. Topography and diseases of Bates Co., Mo., 49, 269, 329, 489
Tully's (Dr. William) Materia Medica, or Pharmacology and Therapeutics, critical notice of, 425
Tumors of the abdomen, 340
Tuberculosis, treatment of by alcohol, 248
Tuberculous cavity injected, 388
Turner, Dr. O. E., death of, 486
Typhlo-enteritis, 296
Typhoid fever, character of deposit in glands in, 260

Ulceration of large intestine, 57
United living children, 88
Urethra, diseases of in the female, 89; stricture of, 479
Urinary calculi, analysis of, 459
Uterine hemorrhage, 217
Uterine tumor, 500
Utero-gestation, observations on the terms of, 248
Uterus, effect of quinine on the, 528

Vaccination, compulsory, 376; followed by convulsions, and complicated by intermittent rubeola, 403
Vaccine, commencement of protective power of, 308
Vaccine agent at Richmond, 203
Valerianate of atropine, 388
Vermont Medical College, graduates at, 527
Vesical calculus, 481

Vesiculæ seminales, tubercular disease of, 338
Veterinary College in New York, 168
Vidal (de Cassis), death of, 408
Vinous cataplasms in hospital gangrene, 148
Vital and mortuary statistics of Boston for 1855, 164
Vomiting during pregnancy, 350

Warren, Dr. J. C., death of, 286; notice of, 300
Warts, juice of the house-leek a cure for, 267
White, Dr. J. C. Analysis of urinary calculi in the Warren Museum, 459
Womb, irregular contraction of, 309
Womens' Hospital in New York, 85
Wren, Dr. B. C. Chronic inflammation of the neck of the uterus, with ulceration of the vagina, 336
Wright's (Dr. H. G.) work on Headaches, 523

Yale College Medical Institution, 27

Zinc, oxide of, in profuse sweats, 21; substitution of for lead in the manufacture of plasters, 185

Zymotic diseases, pathology of, 369
